

NISSAN  INTELLIGENT MOBILITY™

Nissan Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.

THE 2019 370Z® HERITAGE EDITION
IT'S NEVER BEEN
GOOD AT BLENDING IN

Celebrating nearly 50 years of rewriting the rules of style, performance and value, the 370Z Heritage Edition is inspired by the 1977 280Z with Special Decor Package. It features unique graphics, and a special interior as vibrant as the Z itself.

A PERFECT BALANCE OF
CONFIDENCE AND CONTROL

Designed to conquer corners, the Nissan 370Z starts with a low centre of gravity and a short wheelbase for quick response. Bring it all together with an enthusiast's wish list of high-performance componentry, and you'll find pure joy as the 370Z elevates handling science into pure performance art.

THE DRIVER,
FIRST AND FOREMOST

The main instrument cluster moves with the steering column, so the wheel won't obstruct your view. A driver's seat with special cutaways that give arms and legs room to move. From the moment you get in, you can tell – the Z® interior has been custom-tailored to give you the drive of your life.

U.S. instrumentation shown.

THE DOWNSHIFT,
PERFECTED

Included on the Coupe Sport and NISMO® models, SynchroRev Match® technology² – the first in any production car – blips the throttle to the ideal engine rpm for a supremely smooth downshift. For reduced pedal effort and enhanced precision and control, every Z with a manual transmission features an EXEDY® high-performance clutch.

EXEDY

EVEN THE TECHNOLOGY IS DESIGNED TO PERFORM

The 370Z® keeps a strong connection to your world as well as the road. For 2019, 370Z models feature a RearView Monitor integrated into the rearview mirror.³ Models equipped with the Nissan Navigation System feature a rearview display on the touch-screen.⁴ With the Bose® Premium Audio System,¹ you've got an amazing choice of entertainment to create a soundtrack for your drive. And along with the touch-screen, voice-activated Nissan Navigation System,¹ you've got so much more than just directions.^{1,4}

• Nissan Navigation System with NavTraffic^{1,4,5}

• RearView Monitor³

• Active Noise Cancellation and Active Sound Enhancement^{1,6}

• USB Input⁷

• SiriusXM® Satellite Radio^{1,5}

• Bluetooth® Streaming Audio^{1,8}

HOW WE ROCK

Bose® Premium Audio System. For the same rush from your favourite music as the Z's throaty exhaust, the available Bose® Premium Audio System was custom-engineered for the unique shape of the 370Z's interior. With 8 speakers, including two subwoofers, turn it on, turn it up, and get ready to rock.

EVEN WHEN REALITY BITES

High-performance protection. The Nissan Advanced Airbag System includes dual-stage supplemental front airbags equipped with seat belt sensors and an occupant-classification sensor. These dual-stage airbags adjust their inflation rate, depending on the severity of impact and seat belt use. If the passenger seat is empty, a sensor actually deactivates that airbag.⁹

Seat belt technologies utilize pre-tensioners to help tighten the belt when front airbags deploy. And if your body puts too much force on the belt, load limiters give a bit.

Active Head Restraints help reduce the chance of whiplash injuries by moving up and forward toward your head during certain rear-end collisions.¹⁰

U.S. model shown.

370Z® ROADSTER

OPEN TO THE POSSIBILITIES

Expanding the definition of “convertible weather.” The 370Z Roadster is designed to let you enjoy top-down driving longer – whether it’s just later in the day, or later in the season.¹¹ Standard heated and cooled seats help keep you comfortable even when there’s a chill in the air. Aerodynamic design helps minimize air buffeting in and around the cabin, for a quieter ride. And when it’s time to put up the top, a double-insulated roof helps keep the cabin warmer on cool days, and reduces interior noise, making this one roadster you’ll want to enjoy year-round.

nismo®

What happens when the fanatical engineers at NISMO are let loose on the 370Z®? You get 350 horsepower surrounded by a NISMO-tuned suspension and a driver-focused interior, all wrapped in a jaw-dropping NISMO-designed aerodynamic body. Obsessive? Perhaps. Extraordinary? Most definitely.

350 HP

Competition-tuned handling. Competition-inspired design. Serious grip starts with specially tuned springs, shocks, and stabilizer bars designed to satisfy the most demanding enthusiast. Extra braces on the front strut tower bar and special vibration dampers on the front body frame rail and rear subframe are added for impressive overall body rigidity and the feel of a controlled ride. A true work of performance art, the 370Z NISMO entices the eye with its 19" RAYS® forged alloy wheels, high-downforce body, aggressive front and rear fascia, and rear diffuser.

Professional driver. Closed course. Obey all traffic laws, always drive safely and wear your seat belt. Damage resulting from racing, competitive driving, track and/or airstrip use not covered by warranty. See your New Vehicle Limited Warranty and Owner's Manual for proper vehicle operation and complete warranty details.

Nissan’s environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF[®], we’re improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.
