

Nissan Intelligent Mobility moves you one step ahead. In cars that feel like an extension of you, helping you see more and sense more, reacting with you, and sometimes even for you. Nissan Intelligent Mobility is about a better future – moving us to a world that's safer, more sustainable and exciting.

1Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. 2Information displayed is dependent on how vehicle is equipped. 3Available feature. 4Availablility of features vary by vehicle model year, model, trim level, packaging, and options. Please see Owner's Manual for important feature information. Seather appointments. 2021 Fuel Consumption Estimates L/100 km (MPG) - 8.9 (32) City / 7.0 (40) Highway / 8.1 (35) Combined for Rogue FWD; 9.2 (31) City / 7.2 (39) Highway / 8.3 (34) Combined for Rogue AWD. Actual mileage may vary with driving conditions. Use for comparison only. 7Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Provincial laws may apply, Review before using. Late availability, Expected availability Fall 2020/Winter 2021. 10 Feature availability is dependent on vehicle model, trim level, packaging and options. Compatible connected device may be required and feature availability may be dependent on device's capability. Refer to connected device's Owner's Manual for details. Late availability for some features. Driving is serious business and requires your full attention. Only use features and connected devices when safe and legal to do so. Some features, including automatic crash notification and SOS, are dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data and GPS satellite signal receptions, the absence of which can limit or prevent the ability to reach Customer Care or receive support. GPS mapping may not be detailed in all areas or reflect current road status. Never program GPS while driving. Only use Remote Engine Start and Remote Horn features in accordance with any laws, rules or ordinances in effect in your vehicle's location. Some services and features are provided by independent companies not within Nissan's control. Should service provider terminate or restrict service or features, service or features may be suspended or terminated without notice or with no liability to Nissan or its partners or agents. Services and features may require compatible cellular network provided by independent companies not within Nissan or its partners' or agents' control. Cellular network signal strength may vary and may not be available in all areas or at all times. Services and features may not function if cellular network is unavailable, restricted, or terminated. Nissan and its partners or agents are not responsible for associated costs or other third party changes that may be required for continued operation due to cellular network unavailability, restriction, or termination (including equipment replacements/upgrades, if available, or roaming charges on alternative networks). Technology is evolving, and changes by independent companies are not within Nissan's or its partners' or agents' control. Enrollment, owner consent, personal identification number (PIN), and subscription agreement may be required to receive full suite of features and services. Trial periods (if applicable) begin on the date of vehicle purchase or lease of a new Nissan. Trial periods may be subject to change at any time and may be subject to early termination without notice. Required subscriptions may be sold separately for each available feature or service after trial period ends, and may continue until you call service provider to cancel. Installation costs, one-time activation fee, other fees and taxes may apply. Fees and programming subject to change. Feature may be subject to age restrictions in some areas. Subscriptions governed by service provider's subscription agreement, terms and conditions and privacy statements available at service provider's website. Text rates or data usage may apply. The Nissan names, logos and slogans are trademarks owned by or licenced to Nissan Motor Co. Ltd. or its North American subsidiaries. Other trademarks and trade names are those of their respective owners. For important safety information, system limitations, and additional operating and feature information, see Dealer or Owner's Manual. "ProPILOT Assist and ProPILOT Assist with Navi-link cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information. 12 Nissan advanced safety technologies can't prevent all collisions or warn in all situations. See Owner's Manual for important safety information. 13 Intelligent Emergency Braking with Pedestrian Detection cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. 14Rear Intelligent Emergency Braking cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. 15 Rear Cross Traffic Alert may not detect all vehicles. See Owner's Manual for safety information. 16 Blind Spot Warning and Intelligent Blind Spot Intervention cannot prevent collisions and may not detect every object or warn in all situations. Driver should always turn and look before changing lanes. See Owner's Manual for safety information. ¹⁷Lane Departure Warning and Intelligent Lane Intervention only operate when lane markings are able to be detected. See Owner's Manual for safety information. 18 Intelligent Around View® Monitor cannot eliminate blind spots and may not detect every object. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information. 19Virtual composite 360° view. 20Traffic Sign Recognition (TSR) may not detect and read all traffic signs in all conditions. Driver should monitor all traffic signs and obey all traffic laws. 21Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. ²²Intelligent All-Wheel Drive cannot prevent collisions or provide enhanced traction in all conditions. Always monitor traffic and weather conditions. 23Genuine Nissan Accessory Roof Rail Crossbars have a maximum weight limit of 100 lbs. 24Extra cost option. 25 Intelligent Forward Collision Warning cannot prevent collisions. See Owner's Manual for safety information. 26 Intelligent Driver Alertness cannot provide a warning in every situation. See Owner's Manual for safety information. 27See Owner's Manual for safety information. 28Airbags are only a supplemental restraint system. Always wear your seat belt. Rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Airbags will only inflate in certain accidents. See Owner's Manual for safety information. 29 Sonar System may not detect every object. Driver should always check surroundings before driving. See Owner's Manual for safety information. 30 Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. 31XM® and SiriusXM® Satellite Radio is available in the 10 Canadian provinces and the 48 contiquous United States. Subscription sold separately after trial period. All subscriptions subject to customer agreement at siriusxm.ca/terms. All fees and programming subject to change. ©2020 Sirius XM Canada Inc. The Sirius, NM, and SiriusXM names and all related marks and logos are trademarks of Sirius XM Radio Inc. All other trademarks are the property of their respective owners. 32Whichever occurs first. 33Brake Assist cannot prevent all collisions and may not provide warning or braking in all conditions. Driver should monitor traffic conditions and brake as needed to prevent collisions. See Owner's Manual for safety information. 34RearView Monitor may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information. 35Vehicle Dynamic Control cannot prevent collisions due to abrupt steering, carelessness, or dangerous driving techniques. It should remain on when driving, except when freeing the vehicle from mud or snow. See Owner's Manual for safety nformation. 36Intelligent Trace Control cannot prevent collisions or loss of control. Driver should remain in control of vehicle at all times, See Owner's Manual for safety information. 37Use Hands Free Text Messaging when parked in a safe location. If you must use while driving, monitor traffic conditions and keep both hands on the steering wheel to prevent collisions. Compatible device required. Message and data rates may apply. 38 Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence. 39 Tire Pressure Monitoring System is not a substitute for regular tire pressure checks. See Owner's Manual for safety information. "Vehicle must be on for the Easy-Fill Tire Alert to operate. Android®, Android Auto™, Google, YouTube® and other marks are trademarks of Google LLC. ROGUE®

ALL-NEW 2021

Three genius displays, so many pixels to play with

Start with a large head-up display in the upper left corner, then drop your gaze to the digital dashboard — 312 mm (12.3") of vibrant data right behind the steering wheel.^{1,2,3} The third 229 mm (9") touch-screen display sits just to the right.³ Together, they offer nearly one metre of digital information, allowing you to configure the all-new Rogue* to what you need in the moment. Now look again. See how each display is positioned to give you the info you want? This is customization pixel by pixel.

-12:00

What do you want to see? With the customizable digital dashboard, you can choose the information that's most important to you.^{1,2,3} Easily toggle from full-colour maps to music to fuel economy with a push of a button.⁶ Or move the gauges to the side and put what's important front and centre. When you can quickly access the situation, you can stay more focused on your drive – and your next adventure.

72 y 10:23 AM F] Apple CarPlay

Room for five, space for even the biggest personalities

Pick your seat and relax. Building a crossover from the ground up is about more than premium amenities. It's about designing an experience, where family and friends feel welcome and any size personality fits in. So enjoy the soft semi-aniline leather appointments,³ the rear USB ports,^{3,7} and the universal pleasure of Tri-Zone Automatic Temperature Control.³ Revel in the Remote Engine Start System that takes comfort to new heights with the ability to heat or cool the cabin from up to 60 metres away.^{3,8} And indulge everyone with the breathtaking view from the Dual Panel Panoramic Moonroof.³

- Tri-Zone Automatic Temperature Control³
- Butterfly centre console

- Heated Front and Rear Seats³
- Quilted Semi-aniline Leather-appointed Seats³

BUSE

You heard it here first. Bose, a leader in high-fidelity sound systems and a long-time Nissan partner, designed a highly customized listening experience for the all-new Rogue.® Based on proprietary design and the acoustical analysis of the cabin, Bose brings the power of sound to every seat.³

Nissan Rogue® Platinum AWD shown in Charcoal Quilted Semi-aniline Leather.5 U.S. instrumentation shown.

U.S. instrumentation shown.

Smarter phone connectivity

Wireless Apple CarPlay* integration* People to see? Places to be? Just ask Siri.* Equipped with Siri* voice control, Apple CarPlay* brings your contacts, favourite messaging apps, Apple Music* playlists, Apple Maps, and more on board to your Rogue.* No need to plug-in. Your world is now freed from wires.3,7,10

Wireless charging Power your phone on the go. Place your Qi®-compatible smartphone on the wireless charging pad located in front of the shifter, and the all-new Rogue does the rest. Your old cord is now officially obsolete.^{3,7}

New ProPILOT Assist with Navi-link

You may not know what's ahead but with ProPILOT Assist with Navi-link, the all-new Rogue is on it.3,11

ProPILOT Assist helps you navigate stop-and-go highway traffic while helping to keep you centred in your lane.^{3,11} A stress-reducer? Absolutely. Opt for the new ProPILOT Assist with Navi-link and the concept of hassle-free driving rises to a new level.^{3,11}

By utilizing highway mapping, ProPILOT Assist with Navi-link is able to "read the road." What it does with that information gives you a totally new perspective.^{3,11}

- · Helps smooth the way for upcoming turns, junctions, and off-ramps by adjusting your speed
- · Can track posted speed limits with the ability to alter your set speed accordingly

REAR INTELLIGENT EMERGENCY BRAKING¹⁴

REAR CROSS
TRAFFIC ALERT¹⁵

BLIND SPOT WARNING¹⁶

LANE DEPARTURE WARNING¹⁷

HIGH BEAM ASSIST

Intelligent Around View® Monitor Win at parking. It may seem unfair to have a bird'seye view to help guide you into your spot.

But believe us, it's a definite advantage.

Four cameras give you a virtual composite 360° view from above, helping you see what's around your crossover in a whole new way. Select from split-screen closeups of the front, rear and curbside views to help you smoothly manoeuvre into a parking space. 3,18,19

Traffic Sign Recognition Stay on top of speed limits. Traffic Sign Recognition keeps you up to date by detecting road signs as you go by.^{3,20}

Divine intervention, engineered

SAFETY AND DRIVER ASSIST FEATURES

Intelligent Blind Spot Intervention If a warning isn't enough, and Rogue determines that you're attempting to change lanes when there is a vehicle detected, it can gently apply the brakes to help move you back to the safety of your lane.^{3,16}

Intelligent Lane Intervention Stay between the lines. When lane markings are clear, Intelligent Lane Intervention can detect if you're straying out of your lane and can tap the brakes to help gently guide you back.^{3,17}

Technology that looks out for others

Intelligent Emergency Braking with Pedestrian Detection Monitors your speed and distance between you and the car ahead, and can let you know if you need to slow down. It can also automatically engage the brakes to help avoid a frontal collision or lessen the severity of an impact. And when it detects a pedestrian or cyclist in the crosswalk, it can stop

you in your tracks.13

Technology that watches your back

Rear Intelligent Emergency Braking Trash pickup days can be an obstacle course. Not to worry. Rogue also watches out behind you for stationary items you might not see. It detects an item, and if you fail to stop, it can automatically engage the brakes.¹⁴

Rear Cross Traffic Alert Fear no parking lot. When you're backing out of a space, Rear Cross Traffic Alert watches behind Rogue and can warn you about cars it detects creeping up on you from either side. 15

Family mode made easier Amplify the parenting experience with kid-centred functionality. Rear doors open almost 90°. Many of our Lower rear door sills are **Dedicated lower anchors** in the rear seat competitors don't. Every extra degree of adjusted inward so you can allow you to put a child seat in any seating room makes it that much easier for you to stand closer to the interior position, including the middle - no locking secure the wiggliest of babies in a car seat.21 and easily reach inside.21 clip needed.21

Unexpected cargo flexibility

The best experiences are always unplanned and memorable. Kick your foot under the rear bumper and the Motion Activated Liftgate opens to reveal a generous cargo area.^{3,21}

How you configure the interior is just as memorable. With the Divide-N-Hide® cargo system, a set of adjustable dividers gives you six different configurations. You can construct everything from a private storage area to a series of layered shelves. So get in there and mix it up.^{3,21}

Want even more space? It's as easy as pulling a lever in the cargo area and watching the rear seats fold down to take in every experience.^{3,21}

Under-shifter Storage Find innovative design in a place you'd least expect – but most appreciate. Like an open space under the electronic shifter that keeps go-to items from rolling around.²¹

Butterfly Armrest Open the centre console from the sides instead of the top. Easily pass tissues, toys, even hidden treasures to your rear passengers.²¹

Dial in adventure

Meet Nissan's most capable Rogue® yet. An all-new Intelligent All-Wheel Drive with Terrain Selector and direct coupling reacts quicker than ever to help enhance stability and traction.^{3,22} Every day presents a different opportunity, so turn the dial and head out. Your instincts will lead the way.

Off-Road Mode (AWD only) From gravel to sand to dirt, Off-Road Mode is uniquely tuned to help you get up to speed. By balancing the transmission and throttle response, the all-new Rogue tailors your all-terrain experience for maximum confidence.³

Snow Mode (AWD only) If one of your favourite routes has fresh powder, Snow Mode is engineered to help you still make fresh tracks. It knows to back off on the throttle and shift to a higher gear ratio, helping you stay in control.³

Auto Mode The choice for everyday driving – Auto Mode automatically adjusts for balanced performance. On a road trip and want the ease of cruise control? Stay in Auto Mode and enjoy a more comfortable drive. As the default mode, you don't have to do anything to activate Auto Mode. Just push the Start/Stop button and go. Auto Mode takes care of the rest.

Eco Mode Like its name implies, Eco Mode is engineered to help boost fuel economy. When selected, engine and Xtronic CVT* (Continuously Variable Transmission) controls change to help you drive as efficiently as possible.

Sport Mode The fun starts here, especially if you're about to take on a series of curves. Dial up Sport Mode and the all-new Rogue responds with tighter steering and sharper throttle response. You respond with growing confidence and huge grins as you enter every twist and turn.

■ Standard □ Optional **P** Part of SV with Premium Package

Nissan's environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF,® we're improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.

DIMENSIONS/CAPACITIES/WEIGHTS/FUEL

Exterior Dimensions – mm (inches)	
Wheelbase	2706 (106.5)
Overall length	4648 (183)
Overall width	1840 (72.4)
Overall height	1689 (66.5)
Track width (front)	1585 (62.4)
Track width (rear)	1590 (62.6)

Interior Dimensions - mm (inches)	
Head room without moonroof (front)	1044 (41.1)
Head room with moonroof (front)	995 (39.2)
Head room without moonroof (rear)	996 (39.2)
Head room with moonroof (rear)	960 (37.8)
Leg room (front)	1100 (43.3)
Leg room (rear)	978 (38.5)
Hip room (front)	1374 (54.1)
Hip room (rear)	1356 (53.4)
Shoulder room (front)	1450 (57.1)
Shoulder room (rear)	1420 (55.9)
Maximum cargo length with rear seats upright	934 (36.8)
Maximum cargo length with rear seats folded down	1828 (72)
Maximum cargo width	1092 (43)
